Watches and Jewelry.

American (Waltham) Watches.

Dealers in Watches from all parts of the country are reminded that the undersigned are now prepared to sell all of Waltham Watches in gold and silver cases, constantly on hand. Large reductions in the prices of movements and cases have recently been made; and the Internal Revenue Tax is no longer collected on watches.

The good reports borne for and near by the materials used in cases of the Waltham Company, makes it needless for the agents to urge their claims to general patronage, or to do more than caution the public against spurious and inferior Watches with which the markets are flooded. Every Waltham Watch, of whatever class, is warranted by special certificate, which should in all cases be demanded.
